

Meridian Industrial Works

Company Profile & History | Document Ref: MIW-PROF-2026

Overview

Meridian Industrial Works (MIW) is a process-equipment manufacturer and industrial maintenance services provider headquartered in Ambattur, Chennai, Tamil Nadu, with a second process facility in Sriperumbudur. The company designs, fabricates, and maintains pumps, pressure vessels, and process instrumentation for the manufacturing, chemical processing, and utilities sectors.

Founding and early years

MIW was founded in 1998 as a small metal fabrication workshop by a team of four mechanical engineers. The company's first major contract, in 2001, was supplying custom pump housings to a regional textile mill. By 2003, the workshop had expanded into full process-equipment manufacturing, adding a dedicated pressure-vessel fabrication line.

Growth milestones

Year	Milestone
1998	Company founded in Ambattur, Chennai as a metal fabrication workshop
2003	Expanded into pressure-vessel manufacturing
2011	Achieved ISO 9001:2008 quality management certification
2016	Opened second facility, the Process Unit, in Sriperumbudur
2019	Crossed 300 full-time employees across both facilities
2021	Recertified to ISO 9001:2015 and achieved ISO 45001 (occupational health and safety)
2024	Began an Industry 4.0 digitalization initiative across maintenance operations

Facilities

Main Plant, Ambattur: fabrication, pump assembly, and the corporate head office. **Process Unit, Sriperumbudur:** pressure-vessel manufacturing and the industrial maintenance services division, which operates Pump Unit 7, Vessel V-12, Tank 3, Compressor C-4, Conveyor Line B, and Boiler B-2 as part of its own process line used for equipment testing and staff training.

Workforce

As of the most recent headcount, MIW employs approximately 340 people across both facilities, organized into five departments: Maintenance, Safety & Compliance, Process Engineering, Operations, and Management. See the accompanying team directory for current department contacts.

Certifications

ISO 9001:2015 (Quality Management Systems) and ISO 45001:2018 (Occupational Health and Safety Management Systems), both current and renewed on a three-year audit cycle.
